INTRODUCTION

This publication presents racial and ethnic enrollment data for institutions of higher education that responded to HEW's Fall 1970 Civil Rights Survey of Institutions of Higher Education conducted by the Office for Civil Rights.

The survey covered institutions located in the forty-eight coterminous states and the District of Columbia. Institutions receiving or expecting to receive some form of Federal financial assistance were asked to report full-time students--defined as persons enrolled and taking credits equal to at least 75% of a normal load--and were instructed to submit individual reports for each geographically separate branch or campus. The method of data collection was left to the discretion of the institution. (The report form used for the fall 1970 survey is reproduced in the Appendix.)

We would like to express our appreciation to officials of the institutions of higher education and to the coordinating officials of the State departments of education for the considerable time and effort they provided in the collection of data and resolution of inconsistencies.

INSTRUCTION SHEET
FOR
COMPLIANCE REPORT OF INSTITUTIONS OF HIGHER EDUCATION UNDER TITLE VI OF THE CIVIL RIGHTS ACT OF 1964 (FALL, 1970)

IMPORTANT: READ THE FOLLOWING INSTRUCTIONS CAREFULLY BEFORE COMPLETING REPORT, AND DETACH BEFORE SUBMITTING REPORT

A. FILING INSTRUCTIONS

This report need be filed only by institutions of higher education which receive, are applicants for, or expect to be applicants for, Federal financial assistance as defined in DHEW Regulation implementing Title VI of the Civil Rights Act of 1964 (45 CFR 80.13). If your institution does not fall into any of these categories, please inform us of this fact. The report is required pursuant to Section 80.6(b) of this Department's Regulation and similar provisions of the Regulations of other Federal agencies.

Please file the following compliance reports:

1. A separate report for the undergraduate school at each main or branch campus.
2. A separate report for each graduate and professional school at the main or branch campus.

   For example, a university with seven branch campuses operating an undergraduate school at each campus would file separate reports for seven undergraduate schools. In addition, if four of the branch campuses had graduate schools, two had law schools, two had medical schools and one had a dental school, the university would file nine separate reports for the graduate and professional schools. Therefore, the university would file a total of sixteen reports.

Complete and return by December 15 the original and one (1) copy of each report to:

Higher Education Coordinator
Office for Civil Rights
U.S. Department of Health, Education and Welfare
Washington, D.C. 20201
Telephone: (202) 963-4418

One copy of each report is provided for your retention in the expectation that the institution will find the information useful and will appraise its own situation with regard to minority group enrollment. All reports for individual schools at separate branches should be returned together in a single package by the parent institution.

Inquiries may be directed to the Higher Education Coordinator at the above address and telephone number.
